REMARKS/ARGUMENTS

The Abstract and Specification have been amended for clarity. Claims 17-21, 24-30 and 32 have been amended for clarity. Claims 33-35 have been added and are directed to subject matter disclosed in the application as originally filed. No new matter has been added. Claims 17-35 are now pending in this application.

A replacement sheet of Figure 3 is enclosed herein to replace Figure 3 as originally filed with the application. In the replacement sheet, beam splitter 11 in path S2 was removed from Figure 3, as it was inadvertently included in Figure 3. From the specification, it becomes apparent that beam splitter 11 should not have been included on path S2.
